

Millennial Initiative

To Promote Diversity and Increase Inclusion in Healing Touch

Our intention is to promote and inspire diversity within Healing Touch. We believe the Healing Touch experience can be even more fulfilling by supporting diversity amongst Healing Touch students, practitioners and administration. We wish to broaden involvement by encouraging a younger generation to participate.

For 2020, Healing Touch Worldwide Foundation will award \$50.00 to Level 4 student and above who teach an Introduction to Healing Touch class and meet the following requirements:

Requirements:

- ✚ Class must be a minimum 2 hours
- ✚ At least 5 students must meet the <35 criteria
- ✚ Complete and submit the online class final report, including 1-3 photos of the class to be posted on HTWF website.

The same Level 4 student and above can be eligible for the \$50.00 award up to 3 times.

Healing Touch Worldwide Foundation wishes to recognize and incentivize the service so many practitioners give. Interested practitioners and/or communities may fill out the online report at www.htwfoundation.org.
